

Curbside Meal Program Information

The School District of Osceola County offers curbside meals for SDOC Digital Learning students.

Osceola Virtual School (OVS) and Florida Virtual School (FLVS) students are eligible to participate.

Beginning Monday, August 24th, The Osceola School District, School Nutrition Services Department will provide meals for students utilizing the Digital Learner instructional model with a Curbside Meals Program.

Details of the program:

- A breakfast and lunch meal will be available daily. (time and availability subject to change)
- Distribution time frame varies by individual site.
 - **No alternative meal pick-up site or times
- Multiple student meal pick-up/families attending different schools is not available due to accountability requirements.
- The Osceola County School District provides every student with breakfast at no cost.
- When it comes to lunch, schools are either part of the Community Eligibility Provision (CEP) Program, where the USDA allows the district to serve breakfast and lunch at no cost to all enrolled students without collecting household applications, or they are non-CEP, which means families will be charged the regular lunch price \$2.40 for each meal unless parents apply for and are approved for free or reduced priced meals or are directly certified.
- Families are encouraged to apply for meal benefits if their income has changed at www.osceolaschools.net/SchoolNutrition. A list of CEP and non-CEP schools can also be found on this website.
- For cash-less transactions, please visit the My School Bucks website. If you prefer, please bring exact change.
- Parent's must provide a student school ID with name and ID number to pick up meals and are encouraged to have the student name and ID number written on paper in large font for social distance viewing (example: like car rider pick-up).

Other accepted identification can be passport or birth certificate that attaches the child to the parent. Parents are encouraged to have the student name written on paper in large font for social distance viewing.

- Visit your school website or School Nutrition Services webpage for location and times for meal pick-up. (schedule and pick-up times are subject to change based on participation.)
