The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call 888-326-7240. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at https://www.healthcare.gov/sbc-glossary or call 1-866-487-2365 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	**Tier 1 Providers** *(preferred)*: $900 per plan participant, $1,800 per family unit. **Tier 2 Providers** *(preferred)*: $1,250 per plan participant, $2,500 per family unit. **Tier 3 Providers** *(non-preferred)*: $1,250 per plan participant, $2,500 per family unit. Deductible starts over each **OCTOBER 1.**	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Preventive care, Tier 1/Tier 2 outpatient/office rehab, Tier 1/Tier 2 office visits, and diagnostic lab are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	Yes. $300 per plan participant for prescription drugs. *Does not apply to generic drugs or preferred pharmacy brand drugs.*	Yes: You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan?	**Tier 1 Providers** *(preferred)* including preferred pharmacy expenses: $4,000 per plan participant, $8,000 per family unit. **Tier 2 Providers** *(preferred)* including non-preferred pharmacy expenses: $6,300 per plan participant, $12,600 per family unit. **Tier 3 Providers** *(non-preferred)*: $6,300 per plan participant, $12,600 per family unit.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Pre-certification penalties, prescription drug DAW penalties & discounts/coupons, premiums, balance-billing charges (unless balance-billing is prohibited), and health care this plan doesn't cover. The out-of-pocket limit starts over each **OCTOBER 1.**	Even though you pay these expenses, they don't count toward the out–of–pocket limit.
Will you pay less if you use a network provider?	Yes. See https://etrx.ehsppo.com/ETRXMemberPortal.aspx?EmployerID=32820 or call MAP at 844-297-0747, for a list of Tier 1 or Tier 2 *(preferred)* providers.	This plan offers *preferred* provider opportunities. You will pay less if you use a Tier 1 or Tier 2 *(preferred)* provider. You will pay more if you use a Tier 3 (non-*preferred)* provider, and you might receive a bill from a Tier 3 provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your Tier 1 or Tier 2 *(preferred)* provider might use a Tier 3 (non-*preferred)* provider for some services (such as lab work). Check with your provider before you get services.
