Purpose Statement

The Media Center strives to foster in our students a spirit of intellectual curiosity and personal discovery. It aims to appeal to their strongest convictions, highest aspirations, and deepest yearnings in their pursuit of truth, beauty, and goodness.

To this end, the Media Center will:

1. Promote literacy and a love of reading;
2. Promote independent inquiry and a love of learning;
3. Teach information literacy, i.e. the skills necessary to access, evaluate, and use information effectively for personal and academic purposes;
4. Collaborate with teachers to meet instructional objectives;
5. Provide access to and instruction in information technology;
6. Help students to meet and exceed the Florida State Assessment standards;
7. Prepare students for success in college and in their careers.

In 2023 our Media Center was recognized as a Florida Power Library School; the first school in Osceola County. The Florida Power-Library Schools program is sponsored by the Florida Association of Supervisors of Media and the Florida Department of Education's Library Media Services in order to recognize outstanding school library programs in Florida. Quality library programs have been proven to improve student achievement!.

The Media Center and its materials (i.e. the collection) exists to support the recreational, informational, educational, and inspirational needs of our students. It serves to inspire a sense of curiosity and wonder plus a love of reading and learning.

The collection provides a wide range of materials to meet the diverse needs of our students. It embodies the understanding that *all books are not for all people*,

embracing Ranganathan's library laws of "Every reader his / her book" and "Every book its reader."

The collection includes a large and vibrant fiction section to meet the pleasure-reading and personal enrichment needs of our students. It also includes a strong non-fiction collection supporting the academic curriculum and aligning with Florida state standards. Non-fiction books will be stimulating and engaging as well as factually accurate.

The non-fiction collection emphasizes the fine and performing arts, technical and college and career readiness with books on college admissions and test preparation, college profiles, college majors, and with books concerning careers and preparation for professional success.

The overall balance and age of collection will be periodically reviewed via a collection analysis performed with Follett's Titlewise Collection Analysis service.

School Background

Tohopekaliga is a STEAM school in its fifth year, located in Kissimmee, Florida. It serves a diverse population of approximately 2,600 students in grades 9-12. For a complete breakdown of school demographics, refer to the information provided in Appendix A.

Responsibility for Collection/Development

The Osceola County School board holds the final say in library material acquisition. They will rely on the certified, school media specialist/librarian who will work collaboratively with academic coaches, teachers, and students to identify needs and develop the collection with approval from administration.

Mission, goals, and objectives

"The Osceola County School Librarians' Association is committed to supporting literacy and instructional curriculum through school media programs in Osceola County by promoting collaboration among colleagues, emphasizing information literacy instruction and 21st century technology skills, and sharing the love of reading with students, colleagues and community members."

In order to engage their interest and to provide a spur to critical thinking, some book selections include those that involve sensitive issues. The content of some of the titles may be more mature than younger students may have previously encountered. *All reading choices are voluntary and not every book selected will suit every student. In a democratic society, a variety of ideas must find voice. As readers, teens have the choice to read the more mature titles or to close the book.*

- Evaluate, provide, obtain, and promote information resources to meet the learning needs of all students.
- Maintain a collection that is balanced in format and content to meet the needs of all students, and the mission and goals of the school curriculum.
- Maintain a culturally diverse collection.
- Promote literacy and a love of reading;
- Promote independent inquiry and a love of learning;

Target Audience

High school teachers, students, support staff, and stake holders.

Budgeting and Funding

For the 2023 to 2024 school year, there is no longer a line item specific for our Library Media Centers in the state of Florida; no book purchase will be done until after state training on State Statutes [847.012](#) and [847.001](#). No part of this money can be used to purchase technology. It must be used for instructional resources such as print books, eBooks, journals, electronic resources, and databases. For any concerns or questions about materials, contact Pam Fordham at the district office. All other Library/Media Center funding must be supplemented through fundraising. Typically, this fundraising will include monies collected through overdue books, lost books, and any other fundraisers.

Evaluation Criteria

All stake holders may put in a request for purchase at any time of the year. A stake holder would be considered any faculty, staff, student or parent. If approved, items will be ordered as funding is available. All request will be considered after consulting various selection aids, in addition to having the following questions in mind:

1. Is the item appropriate for students in grades 9-12?
2. Is the material publication date relevant and/or timely?
3. Is it a reliable resource?
4. Does it support the curriculum?
5. Does the collection already heavily represent the title/subject?
6. Is it a student request?
7. Is the material readable and visually appealing?

- 8. Do the illustrations and text features support the text?
- 9. How many patrons will benefit from the acquisition?
- 10. Is it a popular title/author?

Collection Analysis

According to Follett's Titlewave, Tohopekaliga's collection breaks down as follows:

User Activity **Collection**

Analysis of collection by format

EBooks: We currently utilize MackinVia (page 9) and Gale for our collection of eBooks. Materials through MackinVia must be ordered through Mackin. This includes audiobooks.

Databases: We currently utilize Gale Resources for any databases. These subscriptions are evaluated each year using Gale usage reports and renewed accordingly using media funds.

Print Books: All books ordered and added to the collection should be hardcover and library bound covers where available. In the event paperback books are included in the collection, they will have a Kapco EasyCover to preserve the book.

Audiobooks: Currently we have 4,879 text-to-speech books available in MackinVia. However, no audio books will be ordered on CD. During 2021-22 school year our Audiobook collection increased, and we currently have 96 Audiobooks available digitally through Mackin.

Weblinks: Any Weblinks on the school's website must support the mission, vision, and school wide action plan. All sites must be approved through district level administration.

DVD/Videos: No DVDs will be purchased. All videos provided by the school will be a part of streaming services Safari Montage, PBS Learning Media, or any other district approved program or streaming service.

Selection Aids

Selections aids include, but are not limited to the following resources:

- a) Booklists
- b) Book Links
- c) Project Lit Community
- d) School Library Connection
- e) School Library Journal
- f) Teaching Books
- g) We Need Diverse Books
- h) Florida Teen Reads Awards List
- i) ALA awards lists
- j) New York Times best sellers
- k) Bookstore best sellers
- l) Student/parent/staff suggestion
- m) Jobbers-such as Follet, Rainbow Books, Mackin, and Abdo

Intellectual Freedom

We stand with ALA on Intellectual freedom that, "ALA actively advocates in defense of the rights of library users to read, seek information, and speak freely as guaranteed by the First Amendment. A publicly supported library provides free and equal access to

information for all people of that community. We enjoy this basic right in our democratic society. It is a core value of the library profession.”

Challenging Materials

Osceola County has a procedure as follows:

“CHALLENGE TO INSTRUCTIONAL AND LIBRARY MATERIAL

The final decision for Instructional and Library Materials rests with the School Board.

The following procedures will be used for challenges to Instructional Library Materials.

The Superintendent has designated the Director of Media and Instructional

Technology to process all paperwork associated with any challenged instructional material.

CHAPTER 4.00 - CURRICULUM AND INSTRUCTION ©NEFEC Page 5 of 9 OSCEOLA

4.22+ Revised: 08/16/22

V. Challenge Process for Educational Media Materials Educational media materials deemed by some individuals to be objectionable may be considered by others to have sound educational value. Any concerned parent, Osceola County resident, or employee of the School District may request reconsideration of educational media materials in a school library/ media center. The following challenge procedure shall be followed:

A. The school media specialist shall discuss the matter informally with the complainant explaining the selection procedures for school library/ media center materials. If the

complainant accepts the explanation given by the school media specialist, then the reconsideration process concludes.

B. If the explanation fails to resolve the objection, the school principal shall ask the complainant initiating the challenge to file, within two (2) weeks, a formal written objection by completing a "Request for Reconsideration of Library Media" form which must reflect that the complainant has read the material in full. Failure to do so results in the conclusion of the reconsideration process.

C. School Educational Media Materials Review Committee

1. Upon receipt of the completed form "Request for Reconsideration of Library Media," the school principal shall forward copies of the form to the appropriate employees on the school-level Review Committee (e.g., a committee of teachers, educational media specialists, and parents of the school).

2. Pending a final decision, the challenged educational media material:

- shall not be available for student use; but
- shall not be removed from the school library/ media center collection.

3. The School Educational Media Materials Review Committee shall:

- review and consider the objections being raised;
- read and re-evaluate the challenged educational media material; and
- report its decision within fifteen (15) working days.

CHAPTER 4.00 - CURRICULUM AND INSTRUCTION ©NEFEC Page 6 of 9

OSCEOLA 4.22+ Revised: 08/16/22 4.

The school principal shall inform the complainant in writing concerning the School Educational Media Materials Review Committee's decision.

D. School District Educational Media Materials Review Committee

- If the complainant disagrees with the decision rendered by the school-level committee, an Appeal may be filed with the School District Educational Media Materials Review Committee.

E. The Superintendent shall appoint a School District Educational Media Materials Review Committee with the following composition:

1. One (1) representative of the Osceola County Public Library Board;
2. One (1) representative of the general public at large;
3. One (1) representative of a school parent organization;
4. One (1) principal from the level at which the complaint originated (K-5, 6-8, or 9-12);
5. Three (3) school-level instructional employees, including the following:

- a. One (1) certified media specialist from the level at which the complaint originated;
 - b. One (1) certified media specialist from another level; and
 - c. One (1) classroom teacher from the level at which the complaint originated.
6. Two (2) School District-level instructional employees, including the following:
- a. One (1) School District-level instructional employee from the level where the material is in question; and
 - b. The Director of Media and Instructional Technology or designee. *Appropriate forms can be found in Appendix B.*

We will also operate our library according to the ALA Library Bill of Rights as follows:

"The American Library Association affirms that all libraries are forums for information and ideas, and that the following basic policies should guide their services.

I. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.

II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.

III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.

IV. Libraries should cooperate with all persons and groups concerned with resisting abridgment of free expression and free access to ideas.

V. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.

VI. Libraries which make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

Adopted June 19, 1939, by the ALA Council; amended October 14, 1944; June 18, 1948; February 2, 1961; June 27, 1967; January 23, 1980; inclusion of "age" reaffirmed January 23, 1996."

Weeding

It is important to keep a collection fresh and relevant. Having books on the shelf that appear damaged, have older copyright or unsightly is not going to help with circulation. We will work with staff, students, and families to understand what and why
