Toy Drive Concert was a huge success, attendance this year was approx three times the previous year and organizers expect within the next two years we will have a full auditorium for this event. Toys may still be donated at the school and the distribution event will be on December 12th.

Spark Event held at the Rosen Shingle Creek went very well, several local philanthropists and local politicians were in attendance and from them, an Advisory Board was established. The first meeting was held last Thursday, the group is working on establishing the vision for the board. A visit with Harrison Performing Arts School is planned. One of the members of the board has offered to fund a search for a firm to help with larger scale fundraising efforts to pay for larger capital projects.
