HEALTHY OSCEOLA

WE ARE HEALTHY OSCEOLA!

Included in The Chamber Foundation's scope of work is to convene a Health Leadership Council to craft solutions to positively impact health outcomes in Osceola County. The Health Leadership Council, comprised of the leadership of private & public health organizations, oversees planning & implementation of health focused initiatives. The HLOC meets monthly to review data, identify gaps in services, and craft solutions to improve healthcare access, delivery, equity, and outcomes in Osceola County.

A key strategy in our efforts to improve community health is our Healthy Osceola public awareness campaign. Residents are encouraged to monitor the following key health numbers:

- Blood pressure
- Body Mass Index (BMI)
- Blood Sugar
- Cholesterol

Knowing these key health numbers can identify early on any warning signs and give residents the opportunity to make the any lifestyle changes to improve their health. Establishing healthy habits can prevent chronic diseases and lead to a healthier tomorrow.

ABOUT THE CHAMBER

Serving Osceola County since the early 20th Century, the mission of The Osceola Chamber is to be “Champions for Business and the Osceola Community.”

5-Star Accredited by the U.S. Chamber of Commerce

In November 2022, the U.S. Chamber of Commerce awarded The Osceola Chamber with its designation of "Accredited with 5 Stars." The purpose of the U.S. Chamber's Accreditation Program is to facilitate continuing excellence in the chamber industry and to foster a pro-business environment across America. In order to receive Accreditation, a chamber must meet minimum standards in their operations and programs, including areas of governance, government affairs, communications, and technology.

Chamber of the Year

The Florida Association of Chamber Professionals (FACP) has three times named The Osceola Chamber "Chamber of the Year" (2001, 2017, and 2021). In addition, Chamber President/CEO John Newstreet was named Executive of the Year in 2022 and multiple of the staff have been designated Chamber Professional of the Year.

OPAC

The Osceola Chamber created a political committee in 2022 which is named OPAC. As part of our efforts to identify and support business-minded candidates, the committee gathers resources from voluntary contributions of our members as well as higher investment levels that include benefits centered on candidate engagement. If you wish to learn more, please email jnewstreet@theosceolachamber.com.

Growth Management

For over 30 years, our Growth Management Task Force has brought together stakeholders, industry experts, and government staff to review land use proposals and create better standards as the county rapidly grows. This work has better prepared industry for upcoming changes and reduced litigation for the county. If you wish to be notified of upcoming meetings, please email rhughes@theosceolachamber.com.

Government Advisory

Our Government Advisory Committee is a select group of individuals who craft policy for consideration by the Board of Directors and who help bring the Chamber's perspective to the appropriate people in all levels of government. If you have interest in serving or wish to stay informed on specific issues or governmental entities, please email jnewstreet@theosceolachamber.com.

THE CHAMBER FOUNDATION

The mission of the Chamber Foundation is to bring people & resources together for the betterment of business and community. The Chamber Foundation's long-term strategy is to build a foundation of success that garners resources to invest in strategies that "move the needle." We possess the institutional knowledge and relationships to maximize resources for community impact. We achieve this through the following pillar programs and initiatives:

Leadership Osceola is a 12-week community education program connecting representatives from private industry, local government, non-profit, and small businesses with decision makers and key stakeholders. Through interactive experiences, participants gain a better understanding of the county and the opportunities for responsible civic engagement.

The Nonprofit Coalition focuses on empowering and increasing the capacity of our nonprofit organizations. Through networking and continuing education, we provide the tools to help strengthen our nonprofit community to better serve and meet the needs in Osceola County.

The **Health Leadership Council** convenes healthcare leaders to build strategic solutions around healthcare delivery, access, and equity. Representatives from public health, healthcare systems, community partners, and service providers craft data-driven, measurable, and sustainable solutions with a focus on priorities identified in a Community Health Improvement Plan.

The focus of the region's **Build Back Better** initiative is to advance and accelerate existing investments in semiconductor research, development, and manufacturing at Osceola County's NeoCity. The Foundation will lead the community engagement process with stakeholders in the form of workshops and targeted community outreach appeals to ensure the community's voice is heard by the Build Back Better Regional Challenge Board and associated partners.

SERVICES FOR OSCEOLA COUNTY CITIZENS!

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG)

Established in 1974, the CDBG program was designed to assist low to moderate income neighborhoods and persons. Funding can be used for public infrastructure, public improvements, public facilities, public services and economic development projects.

Owner-Occupied Housing Rehabilitation:

This program was designed to assist income eligible homeowners with necessary repairs to improve their safety and well-being by helping to preserve the structural integrity of the home. Assistance is provided in the form of a deferred loan that will be forgiven after a period during which the home must remain owner-occupied and insured. The scope of the rehabilitation may not exceed \$220,000 for replacements and \$75,000 for repairs. A current waiting list may be in use.

Eviction Prevention/Rental Program

Depending on availability of funding, rental assistance and/or rental utility deposit assistance for eligible families will be provided to residents in jeopardy of being evicted and/or to rehouse residents who are homeless.

Did You Know? The Osceola County Community Development Block Grant program averages helping nearly 20 families per year with eviction prevention assistance!

COMMUNITY SERVICE AGENCY GRANT PROGRAM

PURPOSE

Several years ago, the Board of County Commissioners instituted the Community Service Agency Grant Program. These competitive grants are intended to provide funding to organizations providing services that improve the quality of life for residents of Osceola County in at least one of the following ways:

- Providing a unique service that enhances the mental and physical health of residents;
- Providing a unique service that builds an educated and sustainable community;
- Providing a unique service that demonstrates the ability to assist a segment of the population experiencing unemployment and homelessness, in order to develop skills that will support sustainability.

Applications for the grant are received in the spring of each year. Additional details are available on the website at www.osceola.org/agencies-departments/human-services/CSA-Grant-Application.stml.

Did You Know? During the past several years, the Osceola County Community Service Agency Grant program has allocated more than \$2,000,000 to support local non-profit agencies in Osceola County!

HOME INVESTMENT PARTNERSHIP PROGRAM (HOME)

The HOME program was created by the National Affordable Housing Act of 1990 to provide decent affordable housing to lower-income households, expand the capacity of the nonprofit housing providers, and strengthen the ability of local governments to provide housing with the assistance of the private sector. Eligible programs include homeowner rehabilitation, homebuyer assistance, rental development in the form of new construction or rehabilitation, and tenant based rental assistance. Osceola County has prioritized rental development as its number one strategy to increase the availability of affordable rental units.

For additional information about CDBG and HOME program funding, email cdbg@osceola.org or visit www.osceola.org/agencies-departments/human-services/

NUTRITION SERVICES

Home Delivered Meals - 407-847-2144

Best known as Meals on Wheels, this service of home delivered meals provides nutritious food to seniors who are homebound or unable to prepare their own meals. Home Delivered Meals can be an absolutely essential service to seniors by providing a hot and a cold meal on a daily basis from a friendly visitor for a daily check in. The program also provides Pet Meals which enables seniors to provide dry and wet pet food for their pets.

Senior Congregate Dining Clubs – 407-847-2144

Congregate (on site) meals to seniors or disabled adults. Seniors enjoy a hot nutritious meal and participate in social and recreational activities. The program provides nutrition education to those participants. Transportation is available for those who need it.

Food Pantry – 407-933-9559 <https://osceolagenerations.org/food-pantry-registration/>

The Food Pantries in Kissimmee and St. Cloud help meet the needs of food insecure individuals in our community by providing a box of food once a month. It brings help and hope to people in need. You can apply online or by phone.

OSCEOLA IS BUILDING BACK BETTER!

Osceola County is part of an elite group of 21 coalitions that the Biden Administration is backing to boost the nation's economic recovery and rebuild American communities.

Osceola and its Coalition partners are dedicated to speeding up the process of researching, developing, and making semiconductor components. They're focusing their efforts at NeoCity in Osceola County, a tech hub in central Florida that covers a huge 500-acre area. NeoCity is well positioned to lead the way in producing these important computer parts right here in the United States.

Why is this so crucial? Well, semiconductors are like tiny brains in devices such as phones and computers. Right now, there's not enough of them, and we rely on other countries like China to supply them. This project is like a major step towards making these parts ourselves, which is vital for both Florida and the entire United States.

As the region continues to advocate for bold investments in our nation's semiconductor manufacturing capacity, including the recently approved CHIPS Act, Osceola finds itself leading the region's high-tech ambitions, embracing its tagline "be first to what's next."
